Official Report of the Secretary of the Interior — Estimates of Amounts Re-quired to Carry Out the Provisions of the Bill.

The Secretary of the Interior forwarded

to Congress on Saturday the requested in-formation on the subject of the arrears of sists of a letter of transmittal, enclosing a letter from the Commissioner of Pensions. The Commissioner says that there will be required to pay the arrears of pensions due in cases which had been allowed pre-vious to the date of the passage of the act

vious to the date of the passage of the act the sum of \$34,000,000—\$6000,000 of which will be required for the arrears in the navy cases. It is estimated that the round sum of \$2,500,000 will be required to pay the pensions of the current year, of which \$50,000 will be required for the navy pensions. Five million dollars may be set down as the amount which will be required for pensions during the fiscal year ending June 30, 1880. The estimate of \$24,000,000 is not the result of actual calculation in all cases, but averages were obtained by calculating the amounts due upon large blocks of cases adjusted in each of the years from 1868 to 1877, inclusive; the remainder to January 1, 1879, being estimated. The aggregate obtained for invalid cases is \$25,114,436 40; for widows cases, \$8,758,068 80; total, \$33,872,502 20. The balance to make thirty-four millions is added to correspond to the arrearages.

Numerous illustrations are given to Rew York Money and Stocks.

New York, February 10.—Morey—Easy 125/43 per cent, closing at 2½ per cent, the day of the passage of the act was, 53, 54 the passage of the act the pension of No. 2. By the passage of the act th the passage of the act the pension of No. 1 United States 6s of 1881, coupons.

the passage of the act the pension of No. 1
became \$3,032 96 and the pension of No. 2
\$4,195 20; an inequality in favor of No. 2 to
the amount of \$1,162 25. The aggregate
amount which will be paid to pensioners
over and above what they would have received for their disabilities from the date
of discharge had their applications been
filled within the five years is put at several
millions of dollars,
The Commissioner recommends that the
proviso in the first section of the act be
stricken out, and that the following be
substituted: "The rate at which the arrears of an invalid pension shall be jailowed and computed shall in no case exceed one-half of the total pension of the
soldier's rank for the period previous to
filling the application, except in case of
disabilities which are of record and which
have been permanent in a degree in excess
of one-half from his discharge." The
adoption of this provision would, it is
thought, result in the establishment of
ageneral equity among the pensioners, and
would establish a landmark for the adjustment of the rate at which the arreasshould be computed in cases which are
obscured by their nature or through lapse
of time.

It is also recomended that the section be
amended in accordance with the intention

It is also recomended that the section be

amended of intention and the properties and a lake Shore were
amended of

of time.

It is also recomended that the section be amended in accordance with the intention with which it was passed, so as to include under its provisions claims on account of death or disabilities incurred after the historical date of the close of the war, by those who enlisted before its close, especially a section of the close of the war, by those who enlisted before its close, especially as a section of the close of the war.

CINCINNATI, February 10 .- Cotton-Fairly Grove Railroad Company to run their cars with stoam engines. R. M. Bonar being called to the chair and J. B. Atkinson appointed Secretary the following preamble and resolutions were adopted:

WHEREAS, A bill is now pending in our Legislature granting to the Elm Grove Railway Company the privilege of operating the cars on said road with steam engines, and whereas, we feel ourselves aggreed and greatly inconvenienced by the use of our time-tonored road by this company without charge. The making of a portion of this road across the peninsula and the bridges have recently cost the county of Ohio approximating \$60,000. We are are willing to yield all this expense. but

\*Resolved therefore, That we view with feelings of profound indignation any further attempt on the part of this company to use this great. National thorough-lare in a way that would render it entirely useless to the public at large.

\*Resolved, That being the only road leading to Wheeling by which almost the entire population of Ohio and Brooke counties can reach there, we look upon this project as base injustic, and a great out. with steam engines. R. M. Bonar being

A Good Woman's Testimeny.

Under date of February 22, 1878, Miss Sarah T. Smith writes from Linwood, Delawars county, Pa., te Col. Dunbar, of Waskesha, Wis. This letter is before us. It bears the unmistakable evidence of culture and refinement, besides being pervaded with the writer's religious feelings and full belief that a Divine hand led her to try. Bethesda Water for her affliction, "Bright's Disease." We make some extracts. After detailing her intense suffering, Miss Smith tells of the strival of the first gallon of Bethesda Water: "It came, and I followed the directions.

ing, Miss Smith tells of the arrival of the first galien of Bethesda Water:

"It came, and I followed the directions, stopping all other medicines. In less than four hours the pain was gone. I slept well that night, and the next day Left my room for the first time for four water (1 gal) then gave out, and it was five days before the sufferer received a ten gallon keg. Meanwhile, "the pain had returned, and all the old misery, 'in Wednesday night (Feb. 13). I suffered so that I was given % of a grain of morphia (the most I ever took at one thus, without effect. On Thurs'ay I commenced drinking the water at 8 a. M., and before noon was furficilly seek or ball was before noon may for the most of the most in the most in the most is the most in the most in the most is the most in the most in the most is the most in the most in the most is the most in the most in the most in the most in the most is the most in the most interest in the most in the most interest in the most int or size of Poster, Programme, Hand-bill book press, we can print briefs in a much shorter time than is required in offices with
